FAQs

My CV is out of date, can you help?

Yes, there'll be sessions on CVs and we can work together on your own documents.

I can't get interviews, why?

We'll look at ways of marketing yourself that might be more successful.

I hate interviews and fail at them!

Come to our workshops and discuss any special aspects as they arise in Club time. You can practise one to one interview skills too.

Which session is best?

The subject matter differs every week, and all sessions have value to job seekers.

Are there Club rules?

Yes, we have four basic Club 'rules': -

- Please dress smartly and treat others with respect
- We help each other, so every question or comment merits serious consideration
- We try to lift each other's morale, sharing good news and useful information
- If your mobile rings (it might be an interview invitation or a job offer...) please find a quiet area to take the call. Apart from those we are informal.

I'm expecting my job to be made redundant can you help? Come along to see us so that

you are well prepared if it becomes necessary to look for a new opportunity.
